The RBI has also reported that under the current branch licensing policy for the Seventh plan period, it has issued 320 licences/authorisations to nationalised banks for opening branches in the State of U.P. It is further reported by RBI that no specific yearwise targets for opening branches at the allotted centres have been given to banks but they have been advised that opening of branches should be evenly spread over the remaining period of the current branch licensing policy.

RBI STUDY ON URBAN AND RURAL WEALTH

*152. SHRI DHARAM CHANDER PRASHANT .

SHRI KAPIL VERMA :

Will the Minister of FINANCE be pleased to state :

(a) whether the Statistical Analysis Department of the Reserve Bank has conducted a special study of the average tangible wealth of urban and rural households if so, what are its conclusions; and

(b) what is the Statewise structure and average tangible value of assets of the households—urban and rural ?

THE MINISTER OF STATE IN THE DEPARTMENT OF EXPENDITURE IN THE MINISTRY OF FINANCE (SHRI B. K. GADHVI): (a) and (b) Reserve Bank of India in its Occasional Papers of June 1987 has brought out findings of a research study conducted by one of the officers of the Department of Statistical Analysis and Computer Services on the subject of tangible wealth of household sector in India. This study does not reflect the views of the Reserve Bank of India Responsibility for views expressed and accuracy of statements contained in this study rests with the author Some of the important findings of this study are given below :

(i) Average value of tangible wealth (including land) for rural household at the end of June 1981 was Rs 35598 and that of urban household Rs 36088.

(ii) In the rural areas, the tangible wealth per cultivator household was Rs 44041 and Rs 8452 per rural non-cultivator household.

(iii) Land accounted for 63 per cent of the total stock of tangible wealth of rural households followed by buildings which accounted for 21 per cent. The

structure of tangible assets of urban households showed that land constituted 36 per cent of the stock of tangible wealth and building another 40 per cent. Next in importance is durable household assets which accounted for 17 per cent of the total tangible assets of the urban households as against 7 per cent in the case of rural households

(iv) The average value of tangible assets per rural household was the highest in Punjab (Rs. 95 671), followed by Haryana (Rs. 90,100) In the case of urban households Kerala topped the list with Rs. 1,07,863 followed by Jammu and Kashmir (Rs 80 897). The details are given in the annexed statement.

Statement

Average Value of Tangible Wealth Per Household (1981)

(Rupees)

State	All Areas All households	Rural areas All households	Urban areas All households
